### US History – Credit Recovery

A diagnostic driven credit recovery course is designed to give an expanded opportunity for students who did not succeed the first time in the course.

Students are given the opportunity in each learning unit to demonstrate their knowledge in that area of study. If they demonstrate competency in their unit assessment they will be presented with the following unit. If they do not demonstrate competency then they are required to do the entire unit.

**Requirement:** For a student to take a credit recovery course, they must have already taken the class unsuccessfully and have the appropriate seat time.

#### Course Description:

This course provides students with a view of American history from the first migrations of nomadic people to North America to recent events. Readings are drawn from *The American Odyssey: A History of the United States*. Online lessons help students organize their study, explore topics, review in preparation for assessments, and practice skills of historical thinking and analysis. Activities include analyzing primary sources and maps, creating timelines, completing projects and written assignments, and conducting independent research.

**Prerequisite:** World History (or equivalent)

**Course Length:** One Semester

**Required Text:** *The American Odyssey: A History of the United States* (textbook is provided online).

**Materials List:** There are no required materials for this course.
