English 10 (Credit Recovery)

A diagnostic driven credit recovery course is designed to give an expanded opportunity for students who did not succeed the first time in the course.

Students are given the opportunity in each learning unit to demonstrate their knowledge in that area of study. If they demonstrate competency in their unit assessment they will be presented with the following unit. If they do not demonstrate competency then they are required to do the entire unit.

Requirement:

For a student to take a credit recovery course, they must have already taken the class unsuccessfully and have the appropriate seat time.

Semester A

In English 10A CR, students learn how to express their thoughts and feelings in writing. Emphasis is placed on the specific traits of the 6- Traits of Writing: Ideas, Organization, Voice, Word Choice, Sentence Fluency, and Conventions. Students also review the 5-step writing process as they practice the skills of prewriting, drafting, revising, editing, and publishing. Each unit also includes instruction in the Greek roots of common English words. Students are guided through the 5-step writing process for each of the major types of writing: expository, persuasive, expressive, research, and functional.

Prerequisite: English 10 (Student must have taken English 10 unsuccessfully and have the appropriate seat time).

Course Length: One Semester

Semester Exam

Semester B

In English 10B CR, students broaden their reading experience with exposure to literature from around the world. Students are given vast exposure to a variety of reading samples, and are encouraged to connect and relate to the various authors and cultures within the contexts of the passages and works reading strategies, the literary elements, and new vocabulary and Latin roots are introduced. In addition, students are guided through an active reading process in preparation to prepare them for high-stakes testing which will assess their abilities to make inferences, comprehend, and analyze a variety of reading materials. Students are expected to respond to assigned reading materials in a variety of activities and manners. Students will be graded on their abilities to review, summarize, analyze, connect, and respond to reading materials. Additionally, students will practice important reading strategies such as determining the meaning of unfamiliar words. They will produce an independent vocabulary assignment as evidence of their familiarity with these strategies. Students are also expected to create original materials in an effort to grasp the complexity of the genres.
