

## Online Courses for High School Students

1-888-972-6237

### Spanish 2 (Credit Recovery)

A diagnostic driven credit recovery course is designed to give an expanded opportunity for students who did not succeed the first time in the course.

Students are given the opportunity in each learning unit to demonstrate their knowledge in that area of study. If they demonstrate competency in their unit assessment they will be presented with the following unit. If they do not demonstrate competency then they are required to do the entire unit.

#### **Requirement:**

For a student to take a credit recovery course, they must have already taken the class unsuccessfully and have the appropriate seat time.

Students build upon the foundation developed in Spanish 1. They continue to build vocabulary, learn new verb tenses and other grammar concepts, and they increase their ability to communicate with others. They learn new concepts, like reflexive verbs, infinitive expressions, commands, and the imperfect tense. Semester B will continue building on vocabulary, grammar concepts, and communicating effectively in the target language. Students will explore new countries where Spanish is spoken and continue to keep abreast of current events in the Spanish-speaking world.

**Prerequisite:** Spanish 2 (Student must have taken Spanish 2 unsuccessfully and have the appropriate seat time).

**Course Length:** One Semester

**Required Materials:** None
